AS SOPHISTICATED AS THE CITY ITSELF

The new Monaco Notebook Case by Mobile Edge makes a statement

ANAHEIM, Calif., - Dec. 21, 2006 - Mobile Edge, the industry leader in innovative and stylish notebook computer carrying cases and accessories, unveiled their newest creation, the Monaco notebook case. The Euro-Fashion inspired Monaco is unlike any other notebook case on the market with its contemporary quilted MicroFiber exterior and rich buttery-soft poly suede interior while offering exclusive practical and technical innovations women will appreciate.

Easily mistaken for a haute couture bag costing several times more, the Monaco boasts stainless steel fittings and color contrast stitching. Accommodating notebooks with screens up to 15.4", the Monaco is ideal for businesswomen on the go and is perfectly suited for important client meetings, a day in the office or the grind of business travel.

Designed for women by women, the Monaco has been created for the woman who's not afraid to reflect her own personal sense of style in her accessories while remaining professional and organized. The Monaco looks nothing like a conventional computer bag, which will draw less attention from would be computer thieves. Inside the bag, a dedicated computer protection compartment cradles the notebook. A detachable cell phone pouch and removable matching cosmetics pouch are standard features only previously seen on expensive designer labels.

Most notably, the Monaco features Mobile Edge's unique Wireless Security Shield™. This Zinc-lined pocket protects your Bluetooth enabled cell phone or PDA from malicious hackers, blocking out cellular reception completely. A side benefit is that by placing your cell phone in this pocket when going into a meeting you won't be interrupted by incoming phone calls.

"Our design team was inspired by today's European fashions helping create one of the most fashion forward laptop cases on the market today," explained Chuck Gangi, vice president of sales for Mobile Edge. "This styling has been blended with sophisticated technology and is backed by a Lifetime Warranty, making the Monaco a very popular case just in time for the holiday season."

The Monaco comes in two color accented styles, the first being black MicroFiber accented with white stitching and a rich red poly-suede interior (Model #MEWCM6) while the second style is accented with pink stitching and features a matching pink interior (Model #MEWCMX). Both models carry a suggested retail price of \$99.99 and are now in stock and shipping from Mobile Edge.

Mobile Edge continues to expand the carrying case category by offering new, innovative and fresh designs that fuse fashion trends with form and function, creating a brand that makes a statement about today's business and mobile lifestyle.

About Mobile Edge
