YORBA LINDA, CA (January 5, 2022)—Most students geared up over the holidays with lots of new mobile electronics and accessories given as gifts. Now they're about to head back to school after the break with all that tech in tow. Mobile Edge's [Commuter Backpack](#) offers parents and students a way to protect, organize, and transport gear with confidence and style.

"At just over two pounds, the 'Commuter' is super lightweight," explains Paul June, VP of Marketing [Mobile Edge](#). "This backpack has the look and weight students desire, plus the versatility to store and protect their essential gear."

Equally at home in the classroom or dorm, as it is at the beach or athletic field, this backpack is the perfect companion for mobile students.

The Commuter's sleek exterior is made of a scratch-resistant, non-abrasive Oxford fabric that is also water-repellent. With padded shoulder straps and cushioned back support, users can move in comfort whether walking, biking, or traveling. Lockable zippers offer anti-theft protection in public settings, while a reflective back panel provides high visibility for added safety.
